## **JADE LEADER TO EXHIBIT IN CHINA AND PROVIDES UPDATE ON ACTIVITIES**

Calgary, Alberta – Jade Leader Corp. (TSX.V: JADE) (“Jade Leader” or the “Corporation”) is pleased to provide an update on its ongoing activities.

The Corporation is very pleased to announce that it has been invited to participate at the largest relevant gem and minerals exhibition in China, the government-sponsored China International Mineral and Gem Show (one of the largest of its kind in the world), on May 18-23 in Chenzhou, with an exhibit of its progress and results to date on the DJ project. Hosted by the Chinese Government near the Hunan capital of Changsha, this is the single largest educational/sale exhibition and conference for the geological sciences and the lapidary arts in Asia.

Jade Leader’s exhibition case of carved items from DJ will be placed within the premier invited Exhibits area which also includes educational exhibits from the Beijing Geological Museum and the China View Stone Association. It is being presented in collaboration with Dr. Robert Lavinsky of The Arkenstone (Advisor to the Company). Expenses for the showcase are being gratefully supported by the Hunan Provincial Government, Chenzhou Municipality, and the China Hunan Gem Show Organizational Committee.

In addition, the Company’s technical team has just completed a field review of a number of additional potential Jade exploration opportunities in the United States following extensive research into nephrite Jade productive districts active at an artisanal scale around the middle of the last century. The Corporation has initiated a phase of land and mineral rights acquisition in relation to these projects, details for which will be released once finalized.

The Company’s new website, [jadeleader.ca](http://jadeleader.ca) is now live. We look forward to adding appropriate material in support of our exploration progress on an ongoing basis to make it a valuable resource on our activities, as well as an educational center with regards to the Jade world.

On Behalf of the Board of Directors,

“Jean-Pierre Jutras”
