## **Jade Leader Announces Color Change Phenomenon Jades Field Program at its DJ Project, Washington State, USA**

---

Calgary, Alberta – Jade Leader Corp. (TSX.V: JADE) (“Jade Leader”, or “the Company”) is pleased to announce the initiation of a field trenching program targeting the collection of further nephrite Jade exhibiting the highly unusual color change phenomenon as described in the Company’s previous news release (NR 22-04, October 3, 2022). A recent short field test has demonstrated that fresh material of this type can be reached for harvesting with modest preparations, and such a program of Jade collection, field preparation of materials for processing and marketing is now underway.

In addition, the Company is pleased to report that its President, Mr. Jean-Pierre Jutras, B.Sc Hons geology, P.Geol. has been invited by the Canadian Gemmological Association (CGA) as a special guest speaker on Jade at its annual conference in Vancouver, October 21-23. The Company is very excited to have the opportunity to participate in such an educational and networking event of Canadian and International gem professionals involved in all aspects of the gem trade where some of our recent work can be highlighted as new developments in the gem space.

About Jade and Jade Leader Corp.

Recent articles suggest that the international Jade market is now larger than the better-known worldwide market for rough diamonds, without any participation in the space by publicly listed Companies prior to the formation of Jade Leader Corp.

Jade Leader Corp, with a Board of Directors having over 120 years of combined experience as mineral exploration geologists with proven track records of discoveries, is led by JP. Jutras, B.Sc. Hons Geology, P.Geol who is also an internationally recognized Jade carver with over 30 years of experience.

Jade leader is leveraging this unique combination of mineral exploration expertise and Jade carving knowledge to build a portfolio of 6 Jade exploration properties on which Nephrite Jade with various characteristics has now been identified in stable, mining-friendly jurisdictions in the USA.

On Behalf of the Board of Directors,

“Jean-Pierre Jutras”

Jean-Pierre Jutras, President/Director
